Basketball season is in full swing, so the newsletter highlights one of the local gals that does play by play announcing for the first games. How wonderful to feature a local basketball player that can use her expertise to make the game exciting for those at home. PETER AND FRAN WULFING – Wycliffe, Mexico

Easter is a huge holiday, Holy Week in Mexico it is bigger than Christmas. Peter explained how the people in Mitla celebrate and remember the sacrifices of Jesus in an interesting way. They set up "Stations of the Cross" around the town, each dedicated to Jesus last week on earth. Usually, it is a table in front of someone's home. Then they walk around town singing and praying at each station. Sadly, this is a Catholic tradition, and they consider evangelical Christians a cult and shunned by the Catholics!

Praising God because a New Testament in the Mixtec dialect was completed which was the result of 30 years effort. Peter is working on several programming systems to help in finance as well as device for downloads for scripture in various forms. Prayer request for Fran as she travels May 24-June 18 to Switzerland to attend to her 89-year-old mother. She fell in February and Fran is going to help move her from Rehab facility to a permanent retirement home. Prayers for Peter June 24-28 as he travels to Kenya for an Alpha Tiles workshop. July to August they will be traveling to NY to visit Peters home and several churches and supporters.
